

Press Release

OFFICE OF THE ELECTORAL COMMISSION

For Immediate Release Wednesday 6th May 2020

RE: Opening of Registration Centres

In line with ease in the restriction of movement in Seychelles, members of the public are informed that the Electoral Commission Seychelles will open all Registration Centres, except the Anse Royale Registration Centre, as from Monday 18th May 2020. This centre will be temporarily re-located to Aarti chambers – Mont fleuri until a centre in that region can be acquired.

Social distancing measures will be observed and as transactions could not take place during the movement restriction periods, the centres will also be offering additional services details of which will be communicated later.

Voters are being reminded that they can still check their names on the 2020 voters' register through the SMS number 9600.

The commission reminds voters of the importance of a valid register especially in this election year.
